

TEN INDICTMENTS BY GRAND JURORS

Judge Shackelford Of Circuit Court Has Prepared For Their Hearing May 25

The grand jury, which has been busily engaged in investigation of a number of cases during the past three days have reported with the result that ten indictments were returned. There will be a number of arrests within a few days, it is expected, and the members were dismissed until May 25, when they will be called upon for further duty.

The cases growing out of the investigation of the jurors are to be assigned for trial hearing, and will complete the work of this class, for the present term, it is believed. While it was known that there were a number of cases under investigation upon the part of the grand jurors, it was not expected that this number of indictments would be returned, and the result of their work was a surprise. There will be reports concerning the condition of a number of county institutions later on. The manner in which the circuit court is progressing, is said by Judge Shackelford to be very satisfactory, since there is a great amount of evidence to be heard in some of the cases.

CIRCUIT COURT IS GRINDING STEADILY

With the finding of not guilty in the case of Bud McSwain, charged with larceny, in the circuit court Friday afternoon, the attention to civil cases was immediately called by Judge Shackelford who is wading through the work in his usual telling manner.

The first civil case was that of Lucy Knapp vs Jeff McKinney, a suit over a fine fence. After hearing the testimony, there was but little delay in a verdict, which was for the plaintiff.

The case of S. A. D. Jones vs Young and Jasper for rental on an oil lease in Knox county, was taken up and much of the evidence heard. It is claimed by the plaintiff that after having disposed of the lease to the defendants he paid the rent on the leases, and this is the feature of the transaction that terminated in the court proceedings. This case will require most of the day Saturday, and if completed in time to admit of it, the damage case against the city brought some time ago by Mrs. F. M. Hill will be taken up. Mrs. Hill is said to have slipped on the sidewalk on West Main street and to have sustained serious injuries.

The case of Mrs. Cora Boggs vs W. R. Boggs, administrator, for possession of an automobile is another case booked for an early hearing.

SOCIALIST MEET IN CONVENTION

(By Associated Press)
New York, May 8—The Socialist Party of America opened its 1920 national convention here today, with the singing of the Internationale, Marseilles and the Hymn of Free Russia. The convention included two hundred delegates and a number of sympathizers.

Morris Hillquet, temporary chairman of the convention, attacked the administration of President Wilson and predicted that the Socialist party would poll two million votes in the presidential campaign. He asserted the President helped to create a morbid national psychology which "has put into prison stripes the noblest and truest types of American manhood, persons like Eugene V. Debs."

Week's Weather Guess

(By Associated Press)
Washington, May 8—Weather predictions for the week for Ohio Valley—Generally fair although some prospect for local showers, about middle of week; temperatures near or slightly above normal.

COL. HANGER ILL

Mrs. H. B. Hanger was called by wire Wednesday to the bedside of Col. Hanger, who is reported quite ill at White Sulphur Springs. Numerous friends here hope to hear of his speedy recovery.

COAL SITUATION IS NOT RELIEVED

Appeal To Interstate Commission Awaits But Little Is Report Of Local Dealers

Richmond coal dealers are making an effort to lay in a supply of coal since it is generally anticipated that there will be another increase in price within a short time. This is looked for by a number of local dealers who are familiar with the situation. They say it is not a matter of money, but a matter of coal, and the Interstate commission seems unable to improve it. The board has been called upon for aid, and has been acquainted with the fact that but 27 percent of the normal supply could be handled. When it was found that the local dealers were receiving less than one-half this, it was believed there would be a decided improvement in the local situation, but not so. The members of the commission reported that "they hoped the Richmond dealers would appreciate the situation (which they do), and be patient for a while."

L. R. Blanton said Saturday that many of the mines where the Richmond supply is procured, are not in operation and this is one of the chief causes for the present shortage. He admitted further that if he filled all orders on file at present, he would not have another supply of coal on hand for a month, and that should all orders be filled at present, it would require every pound of coal in the yards.

REBELS TAKE THREE CAPITALS IN MEXICO

(By Associated Press)
El Paso, Texas, May 8—Three state capitals in Mexico fell into the hands of revolutionists today, through the revolt of the Carranza garrisons coincident with an unconfirmed report given out by revolutionists here that Mexico City has been taken by Gen. Benjamin Hill.

Carranza Leaves Capital
El Paso, Texas, May 8—Revolutionary forces under General Benjamin Hill, have taken Mexico City, according to an unconfirmed report received here today from Chihuahua City, and made public by revolutionary leaders. It has been "confirmed" that President Carranza has left the capital for Vera Cruz.

No Word From American Consul
Washington, May 8—Mexico City is believed here to be virtually cut off from the outside world, through the destruction of wire lines by the revolutionists. The State Department has received no word from the American embassy at the Mexican capital, since Thursday. No confirmation of the report that Carranza has left the capital has been here.

DERBY CROWD A RECORD BREAKER

(By Associated Press)
Louisville, May 8—A field of 19 horses is carded to go to the post in the Kentucky Derby today, Simpleton, Golden Broom, and Kinnoull having been withdrawn during the morning. Even if others of the nineteen are withdrawn, the opinion here is that the field will be the largest in history. Meanwhile, Louisville streets are jammed with traffic and the city crowded with visitors who expect to swell the Derby attendance far beyond any previous record.

Today's Races At Louisville

1st Race—St. Germain, 1st; Woodtrap, 2nd; Dancing Spray, 3rd.

Kiev Reported Captured

(By Associated Press)
London, May 8—Polish and Ukrainian troops captured Kiev on Thursday night, according to an official Moscow wireless statement coming from the Soviet side, seems to leave no doubt of this valuable outpost against advance of Bolshevism in Central Europe, at least temporarily, successful.

INDIAN EX-CRIMINALS SPIN SALVATION WITH SILKEN THREAD

Hindoo woman reeling silk under Salvation Army tutelage. (Insert) Former criminal chief who has been led to better ways by the Salvationists.

Sin, silk and salvation form a combination that is working miracles beneath the tropic sun of India.

Sin has reeled in the very cradles of the criminal tribesmen for centuries. That same vicious system of caste which has sentenced the son of a weaver to weave and the son of a storekeeper to keep store has through ages condemned the son of a criminal tribesman to rustle cattle, pillage and commit murder.

But now the Salvation Army by using silk to take the sin out of the "crim" is bringing about both the material and spiritual salvation of a people.

These criminal tribesmen, gathered into settlements by the British government, were taken in hand by the Salvationists, were taught to care for the mulberry trees, to rear the silk worms,

to reel and weave the silk. They have ceased to be criminals. They have become expert weavers, and they like their new jobs. They work at them more industriously than they ever did at banditry. And they are now reeling and weaving more than a ton of raw silk a month.

In each country the Salvation Army adapts its methods to the peculiar needs. Here in the United States it does a great work among the prisoners in penitentiaries. It maintains nurseries in the slums, rescue homes and maternity hospitals, industrial and Americanization centers and institutions of many other kinds. To support these during next year the Army will ask the people of this country to contribute \$10,000,000 during its 1920 Home Service appeal from May 10 to May 29.

THE WEATHER
Generally fair tonight and Sunday; little change in temperature.

MONEY POURING IN FOR FEDERAL ROAD

Subscriptions of the Federal Highway fund, pledged by the people of Madison are being paid in rapidly to the State Bank & Trust Company, which will hold the funds and certify them to the State Road Department. Work will not begin until every cent is paid in as the state and federal aid cannot be obtained until the local subscriptions are paid. A complete list of the subscribers has been drawn up and is given below as follows:

L. R. Blanton	\$100
Zarling's Mill	150

(To Be Continued Monday)

NEXT SUNDAY TO BE BIG CHURCH DAY

Christian Churches To Be Visited By Teams—Inter Church World Movement

Sunday will be a great day for the Disciples of Christ in Madison county. A team from the First Christian church will visit every Christian church in the county, and will give short talks on Madison's part in the Inter Church World Movement. The big drive goes on next week, and these meetings are to arouse interest in what this work means to our people.

Every member of the Christian church in Madison county is urged to be present at the mass meeting in the First Christian church, Richmond, Sunday evening at 7:30. J. H. MacNeil, of Winchester, will address the meeting. Dr. MacNeil is a gifted speaker and he will bring a message worth the hearing.

The names of the teams and the churches they are to visit are as follows:

Team No. 1 Judge Price, Arthur Todd, Mrs. G. D. Simmons; Mt. Pleasant.

Team No. 2 J. W. Arnold, Lewis Neale, Mrs. G. W. Pickels; Flat Woods.

Team No. 3 G. C. Stocker, John Noland, Miss Anne Dejarrett; Newby, Antioch, Valley View.

Team No. 4 R. E. Turley, Allen Douglas, Mrs. J. R. Quisenberry; Glades, Berea.

Team No. 5 Z. T. Rice, J. R. McKinney, Mrs. W. H. Douglas; Union City.

Team No. 6 W. J. Wagers, P. M. Pope, Miss Carrie Altman, Miss Jeanette Pates; Speedwell.

Team No. 7 F. M. Stiver, J. J. Neale, Mrs. D. H. Myers; Second Christian church, Mt. Zion.

Team No. 8 G. D. Simmons, H. L. Perry, Mrs. J. W. Arnold, Pond; Kirksville.

MOTHERS' DAY AT CHURCHES SUNDAY

Tomorrow will be Mothers' Day at the churches and the occasion is one that should be considered by everyone. This honor should be bestowed by one and all. Special programs and many speakers from out of the city will be heard at various churches and plans are made for a most elaborate service generally. The white carnation, the officially recognized flower will doubtless be much in evidence.

The arms of motherhood form the cradle of the human race. They are the rock upon which we rest our hopes of the future, the guiding star which leads humanity through the perils of infancy and into the safe harbor of maturity.

May her days and her joys upon earth be many and may her home in the next world be one worthy of the greatest handiwork of God.

Hoover Talks On Sugar

(By Associated Press)
Washington, May 8—Rationing of sugar to manufacturers and non-essentials and an agreement between the United States and foreign countries not to bid against each other for this commodity, was suggested today by Herbert Hoover as a means of relieving the present sugar situation. Hoover said the government is primarily responsible for the present sugar situation, through failure to purchase the Cuban crop last September, which crop, he said, could have been purchased last September at six and half cents per pound.

Submarines Employed

Triest, May 8—Bulletin—Capt. Gabrielle D'Annunzio today captured an Italian steamship laden with grain. He used two submarines to effect the capture.

President Signs Deficiency Bill

Washington, May 8—President Wilson today signed the urgent deficiency bill carrying three hundred million dollars. It is expected that a hundred and twenty-five million dollars of this sum will be available to the railroads for the purchasing of new rolling stock.

WANTED—To buy modern house in good location; would like immediate possession. See Miss Ward at Alhambra Theatre.

RICHMOND THE FIRST STOP FOR TOURISTS

Richmond will be the first stop on the Central Kentucky "Get-Together" tour to be conducted May 1 and 12 by the Lexington Board of Commerce. The party, numbering about 100 and traveling in pleasure automobiles, will arrive in Richmond at 9 o'clock Tuesday morning.

The trip was planned by the Lexington Board of Commerce to encourage close relationship among the cities of Central Kentucky, and the gospel of good feeling, good roads and good fellowship will be preached by the visiting evangelists.

An invitation to all cities on the itinerary to join the motortour and enter into the spirit of the "Get-Together, Get Acquainted" tour throughout Central Kentucky is extended by the Lexington "missionaries," an ad hoc path-finding committee, consisting of President Frank B. Jones and Route Chairman S. B. Featherston, of the Lexington Board of Commerce, delivered the invitation to Madison county in person last week.

Dr. L. McVey, President of State University, and Dr. R. H. Crossfield, President of Transylvania College, will be on the staff of speakers accompanying the visitors. Music by the University of Kentucky Band and Transylvania Quartette will be among the entertainment features carried on the trip.

The "Get-Together" tourist will depart for Berea, after spending one hour in Richmond, and after visiting the various cities along the first day's route will reach Danville Tuesday night for an all-night stop. The itinerary for the second day of the trip includes Harrodsburg, Salvisa, Lawrenceburg, Frankfort, Versailles and Nicholasville. A second trip, to be made through the territory north of Lexington, is planned for May 24 and 25.

TRACK MEETING A MUD CARNIVAL

The high school track meet was postponed Friday owing to the rain, however, the interesting track meet made up for the event and as a result Union College took home the honors by a small margin. The local Eastern school did well throughout the list of events, however, the visitors received a handicap surprisingly by the departure for his home by Paul Gregory, one of the Eastern stars. Had it not been for this, local men claim they would have held the honors for the home school.

The track was a sea of mud and the meet resolved itself into a mud carnival. Sue Bennett College did not appear, owing to the continued rain. Paul Gregory and Earl Combs are two prominent stars for the Eastern school and the latter held his own well, but was against great odds by the unexpected departure of Gregory.

The start was made with Union in the lead, which position was held for sometime, but when the home men got well under way they more than made up for this opposition and it was not until the last of the events that they found themselves in the rear by a slight margin, the final score being 54 to 51.

Combs, who won four firsts and two seconds, ran a brilliant quarter afterwards and was beaten out by a very small margin. His work was commented upon by the visitors, who were afraid of him from the start. Summary of the contest:

100 yard—Overly, U; Combs, E; Dunbar, H.
High Jump—Blair, U; Dunbar, U; Webb, E.
Mile—Franklin, U; Blair, U; Coleman, E.
Shot Put—Combs, E; Barker, U; Rice, E.
220 yard—Overly, U; Combs, E; Rice, E.
Discus—Combs, E; Coleman, E; Barker, U.
440 yard—Combs, E; Rice, E; Barker, U.
Pole Vault—Blair, U; Reynolds, E; Reid, E.
1-2 Mile—Reid, E; Howard, U; Blanton, E.
Broad Jump—Combs, E; Blair, U; Overly, U.
Relay—Union 1st; Eastern 2nd.

D. A. R. MEETING

The regular meeting of the Boonesborough Chapter D. A. R. will be held with Miss Bessie Miller Monday afternoon at 2:30.

WORK RETARDED BY LABOR SHORTAGE

City Engineer Gives This As Secret Of Troubles Of All Employers Now

There can be no definite means of contractors estimating when a contract can be finished, until there is a change in the working conditions and the labor market recovers somewhat from the present condition, said City civil engineer Creelius Friday, in speaking of the probable time local public improvements would be finished.

It is not so much a matter of weather, if the contractors were able to throw a big force of workmen on the jobs, they could be finished within a reasonable time, but the truth of the matter is that most men are trying to get out of the "labor" class and find something else. Someone has to do the work, and there the difficulty lies. Many are flocking to the cities, lured by high wages, only to find upon arrival, they have to pay as much, if not a great deal more than at home for expenses, besides they do not in many cases have the pleasant working conditions found at home. This is a condition of affairs applicable not only here, but elsewhere. Men who have heretofore been content to work at home, have gone hither and yon and work first in this and then in that place, with the result that there is a big force of floating workers, but this element cannot be relied upon, consequently work is hampered. Mr. Creelius believes that there will eventually be an adjustment of affairs that will mean much to the general builder and contractor, but believes that some time will be required. Labor shortage is the secret of the contractor's troubles these days, he said, and the quicker the situation is relieved the better it will be for all.

CLOUDBURST STOPS COUNTRY TRAFFIC

The almost incessant rain thruout Madison county Friday brought work in the country to a standstill, and the accompanying cloudburst late Friday afternoon created considerable damage to some crops in the Eastern part of the county according to reports. Some of the streams were away out of their course within a short time during the late afternoon and a number of Richmond parties who were enroute home, had to detour in order to reach the city last night. Haze's ford, at Kingston, is said to have represented the Ohio river at normal tide, and Mr. and Mrs. Thomas Bales, of Paris, who were enroute to Richmond to visit relatives, found it necessary to turn back and take another route. The smaller streams were away beyond their banks within a short time after the deluge and the highways were inundated to such an extent their course could not be followed. Roads and fields were being swept alike in some localities.

"ZERO HOUR" IN SALVATION ARMY

Sunday, May 9th is the "zero hour" in the Salvation Army. It is the critical period in the history of this great movement for the good of humanity. Commander Evangeline Booth has received the assurance of ministers of Kentucky of all denominations that they will join the Salvation Army workers in an appeal for divine guidance in the Second Home-Service Appeal, May 10th to 20th to raise money to support the army in its manifold activities in rescue homes, maternity hospitals, slum settlements, nurseries, children's homes, prison relief and evangelistic work.

The old system of tambourine collections has passed away with the adoption of the Home-Service Appeal so that the army officers may devote their whole time to actual relief work. All Christian people are urged to unite in this great cause for the uplifting of mankind.
